

**VOLVO XC90**

# INNOVATION FOR PEOPLE

*Made by Sweden.*

At Volvo Cars, we continuously innovate in order to make your life better. Every car, every technology and every design is the result of a clear vision – to put people at the heart of everything we do. It's a vision that has driven us from the start, one informed by Sweden, a country which values people as individuals and where conventions are challenged. It's a culture with a rich design heritage and a unique way of looking at the world.

This vision has inspired us to create the likes of the three-point safety belt and side-impact airbags – inventions that have saved lives and changed automotive history. And with our new generation of models we continue with this tradition. Scandinavian design combines with

modern Swedish luxury to enrich your experience. Intuitive technology makes life less complicated and keeps you connected with the world, while the latest Drive-E powertrains balance responsive power with class-leading efficiency. And our IntelliSafe innovations support you while you are driving, helping to prevent accidents and protecting you if one occurs. They make every journey safer, more comfortable and enjoyable.

We understand what's important to people. It forms the basis of all the innovations which we create. Innovations that improve lives.

At Volvo Cars we design our cars around you.

The Volvo XC90 is a haven, a place where you can relax, think and travel in first-class comfort. Where contemporary Scandinavian design meets Swedish craftsmanship. Where quality materials will delight your senses and put comfort at the heart of every journey. And where an intuitive centre display with touch screen helps keep you connected and in control.

Whether driving along the motorway or negotiating urban traffic, our intuitive technology makes the journey easier, leaving you to enjoy the ride. The unique Volvo driving experience is further enhanced with sophisticated powertrains that give you performance and efficiency, so you never have to compromise.

And with the very latest in safety innovations, you will travel in the knowledge that your XC90 will always look out for you, your passengers and the world around you.

The XC90 represents our distinctive take on what it means to drive a luxury car in the 21st-century. The XC90 is a sanctuary. Designed Around You.

*“As with any luxury item – a finely crafted watch, a bespoke suit – its beauty might be obvious, but its true value is only revealed when you discover the expertise, the craftsmanship and the passion that went into making it.”*

## ROAD PRESENCE

*Be impressed, quite simply.*

You know you're looking at truly great design when what appears simple at first glance turns out to be ingenious and stimulating once you discover the thoughts and details that make up the whole. And as with any luxury item – a finely crafted watch, a bespoke suit – its beauty might be obvious, but its true value is only revealed when you discover the expertise, the craftsmanship and the passion that went into making it.

The Volvo XC90 has this quality. Appropriately for a full-sized SUV, it exudes power, particularly with the upright grille and the strong shoulders, both of which

are classic Volvo style cues. As exterior designer Anders Gunnarsson says, “The car has an attitude that expresses confidence and self-belief. If you're proud and relaxed about your position in the world, you'll stand upright – just like the Volvo XC90.”

But despite this sense of presence, the design is also exquisitely subtle: “It grows on you,” says Thomas Ingenlath, Volvo Car's Senior Vice President of Design. “It's not all spectacle – it's about leaving the proportions and the technology underneath to create the drama. You suddenly realise how much sheet metal movement there is in

the side section – how it grows over the rear wheel. It's about perfect execution, and that took such a long time to achieve.”

“The task to design the rear was more difficult”, says Ingenlath. “We didn't want to use the elements that everyone else is using to make a car look more powerful. Most other car manufacturers are using horizontal lines. We used vertical lines. That is something that can be difficult. If you are good at it, you give a car an incredible status. We achieved that kind of status by reduction – not going into the horizontal but staying proud and upright. That is a nice aspect.”

**Light is precious to us in Sweden.**

That's why we've designed a large optional panoramic glass roof, which is the perfect complement to the XC90's airy, uncluttered cabin.

**Don't you love it when a doorman gets the door for you?** With the power-operated tailgate, you can enjoy this courtesy every day: just press a button on your remote, the tailgate or inside the cabin. When you have your hands full, the comfort opening function makes all the difference: wave your foot under a sensor in the bumper, and the tailgate opens and closes automatically.

## INSIDE YOUR CAR

*Your own space, wherever you go.*

Travelling in the XC90 always feels special – from the moment you pick up your sculptured remote key. In the lavishly appointed cabin, luxurious materials and superb craftsmanship meet with uncluttered elegance. The airy interior gives you the luxury of space and calm – no matter which of the three seat rows you sit in. The mood of tranquil seclusion is accentuated by

eye-catching details like the “flying wings” controls, inspired by high-end amplifiers. Other touches include the diamond-knurled control surfaces and the beautifully framed tablet-sized centre display with touch screen, which takes pride of place in the centre stack. Our CleanZone technologies filter out harmful gases and particles, ensuring that you and your passengers breathe easy

– even in polluted cities. And you’ll love our 19-speaker Premium Sound by Bowers & Wilkins, which offers sublime concert-quality sound for the most exacting audiophiles.

*“The sculptured seats offer 21st-century luxury in look, feel and style while allowing more rear legroom. And you can rest assured that they’ve been designed in line with the latest ergonomic research.”*

## Travel first class in the Volvo XC90.

When we designed the Volvo XC90, we made sure you travel in first class. The sculptured seats offer 21st-century luxury in look, feel and style while allowing more rear legroom. And you can sit easy in the knowledge that they’ve been designed in line with the latest ergonomic research. If you’d like to enhance their lavish comfort even further, you can have heating, massage and ventilation, power-operated lumbar support, extendable seat cushions and side bolsters: you’ll never want to get out of your car. In the second row, the three individual seats are designed for maximum comfort – each of these three seats slide

and recline individually. The two individual third-row seats offer excellent comfort for passengers up to 170 cm/5'6" (but can accommodate those who are taller) and are easy to get in and out of. Thanks to the four-zone climate system, passengers in the second row seats can set the temperature and fan speed to their individual taste – and the same goes for the driver and the front passenger. And to make sure your phone or tablet never runs out of charge, there's access to a power outlet in each row.

For better visibility, there's “theatre seating” – the rear rows are positioned higher up than the seats in front. In true

Volvo style, we’ve also remembered younger passengers – children who’ve outgrown their child seats can use the integrated booster cushion in the second row. And providing superior versatility, each seat in the second and third row can be folded flat onto the floor to allow 32 possible seating combinations.

This is the first of a completely new generation of nimble Volvo steering wheels, combining a graceful rounded square in the centre with a contemporary interpretation of our classic three-spoke design.

Jewel-like touches such as controls with diamond-knurled finish and translucent edges underline our designers' meticulous attention to detail.

The four-zone climate system can be controlled from the centre display touch screen, or a graceful touch control panel at the end of the tunnel console.

*“Sensus connects you with  
your Volvo and the rest of the world.”*

## SENSUS

*Informed, in control and always up to date.*

Sensus has a guiding principle – to make your life easier and more enjoyable, whether it's your comfort, entertainment or navigation requirements. Sensus connects you with your Volvo and the rest of the world. It keeps you informed, entertained and in control of your journey.

Intuitive, easy-to-use controls are a prime feature of Sensus and you will find them on the large, 9-inch centre display with touch

screen. Replacing physical buttons with virtual equivalents on the screen allows them to be larger and easier to use. Bold, clear graphics make it easy to absorb information at a glance. Our philosophy has always been that you should be able to operate your Volvo and keep your eyes on the road. The optional head-up display means you can do just that while staying connected and informed.

And Sensus goes further, with in-car wifi keeping your devices connected to the internet, while our audio systems offer considerable flexibility when it comes to choosing your desired music source and tailoring its sound.

The Sensus experience enriches every moment that you spend in your Volvo.

*"Turn the centre display into an extension of your iPhone® using Apple CarPlay™."*

## Connecting you with a world of entertainment.

Get closer to the music you love, no matter which seat you're in. With Sensus Connect all of your music is available all of the time, whether it's direct from your favoured media source or streaming from the internet.

It all begins with the 9-inch centre display, the control centre for Sensus. The surface responds to the lightest of touches – you only need to brush your fingers over the glass to operate the controls. It even works with gloved hands.

Connecting your devices is quick and easy. Simply plug your iPhone® into the car using the USB connection and you can turn the centre display into an extension of your iPhone® using Apple CarPlay™. When it's connected to Apple CarPlay™

your phone will be charging, too. And Android smartphone users can connect with Android Auto™ to access music, make calls and send messages.

Your choice of entertainment is not limited by what you have on your smartphone or portable audio player. Wifi and tethered internet increases your choice, with a fast and stable connection through the roof aerial. The Spotify® in-car app makes finding new music quick and easy, and you have access to internet radio and on-demand services, as well. Our High Performance audio system is tuned to make the most of your music, while Premium Sound by Bowers & Wilkins takes the listening experience to another level.

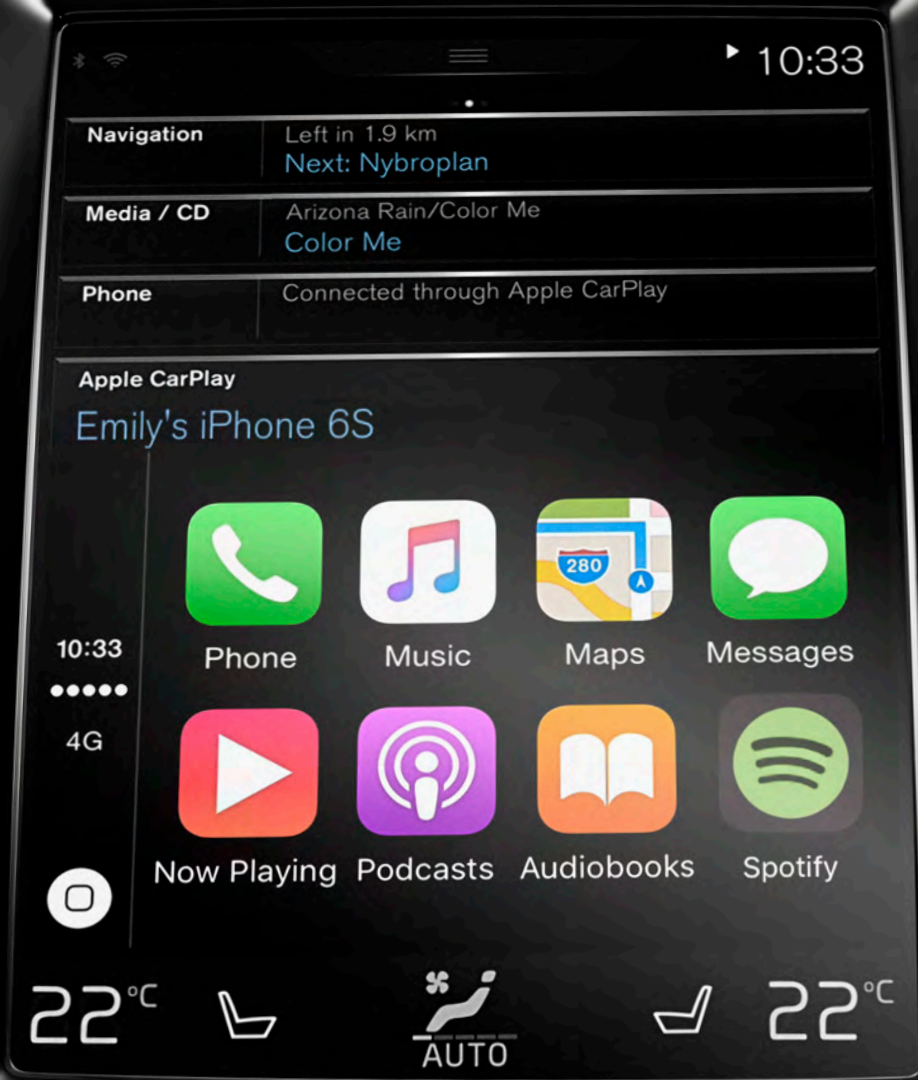

**Premium Sound by Bowers & Wilkins\*** gives every occupant of the XC90 a superb audio experience, no matter which seat they are sitting in. Developed with Bowers & Wilkins, creators of high-end audio, this innovative technology brings exceptional clarity and realism to your favourite music. The unique air-ventilated subwoofer delivers richer, deeper bass by drawing air in from outside the car so it can pulse more air through the

speaker. There are 19 speakers, allowing everyone in the car to get the best possible sound, all the time. And you get closer to the performance by using one of the system's three room modes to bring the music to life. Concert mode recreates the unique acoustic experience of the Gothenburg Concert Hall, while Stage and Studio modes put you at the heart of the music, allowing you to hear it as the musicians intended.

SENSUS

**9-inch centre display.** The focal point of the elegant cabin is the 9-inch centre display with touch screen, which uses a portrait format to give you a large viewable area that means less scrolling. This format is perfectly suited to displaying maps, and mirrors the look of modern smartphones in its layout, so it feels instantly familiar and intuitive. It features a glossy black finish that, thanks to a special coating, minimises reflection – so it not only looks beautiful but works beautifully. This is how technology should be.

FIND OUT MORE AT [VOLVOCARS.CO.UK](http://VOLVOCARS.CO.UK)

SENSUS

# Get to your destination every time, with ease.

Let Sensus Navigation be your guide, helping you find your destination and keeping you informed. Our sophisticated navigation uses intuitive technology so that wherever you go, you'll get there quickly and easily.

Everything you need to know is shown on the 8-inch (standard) or 12-inch (optional) driver display right in front of you. The high-resolution image self-adjusts so it's never too bright, automatically resizing the instruments to accommodate navigation information.

The optional head-up display displays all the vital information onto the lower part of the windscreen, projected to look like it is

floating in front of the car. It means you stay informed without ever having to take your eyes off the road.

Getting to your destination is made even easier with the clear graphics of our maps. And, because we give you free lifetime mapping upgrades, Sensus stays one step ahead, guiding you accurately.

Sensus also saves you time by helping you find what you're looking for, with built-in navigation apps capable of locating parking spaces and finding petrol stations.

With Sensus taking care of the way ahead, you can enjoy the journey.

**Voice control.** Controlling Sensus is as easy as telling it what to do. Talk to your Volvo, using natural phrases such as "go to Industriegatan, Stockholm" or "call Emily Johnsson", and voice control will carry out your instructions to operate climate control, navigation, infotainment and your smart phone.

**Centre display.** The portrait format centre display with touch screen makes reading maps and following navigation prompts beautifully straightforward. Maps appear as they would in an atlas and they scroll less, so you can see where you're going and what's coming next. Its clarity, size and orientation make it the ideal companion for every journey.

**Volvo On Call. Making your life less complicated.**

Experience a world where you are connected to your Volvo with the Volvo On Call phone app.

Volvo On Call connects your Volvo to the rest of the world and lets you control the car remotely. On cold mornings the remote engine start allows you to heat and defrost your car so that you start the day in comfort. And on hot days use Volvo On Call to cool your car so it's the perfect temperature when you're ready to leave. Check if you've locked the car and lock it if you haven't, or create a wifi hotspot so you and your passengers stay connected to the internet.

Plan journeys at home and send the destination to your car, so that when you're ready to go so is the navigation system. It will sync with your calendar to remind you of appointments and tell you how to get to them.

Volvo On Call is compatible with your smartphone, iPad® and wearables such as Apple Watch – you can even operate your car remotely using voice commands with Microsoft Band 2. And should you need roadside or emergency assistance Volvo On Call will connect you directly to the Volvo service centre. If your car's alarm is activated, Volvo On Call tells the service centre, who will contact you. If your Volvo is stolen, Volvo On Call can help the police track your car.

Volvo On Call also informs you of your car's fuel level, logs journey data and tells you when your Volvo is due for a service. It's another example of Volvo Cars developing human-centric innovations to improve your life.

T6 AWD | Inscription | Panoramic Roof | 467 Magic Blue metallic | 21" 8-Spoke, Silver/Diamond Cut, 174

SENSUS

**Light up the dark.** Driving in the dark just became a lot more enjoyable and safe. Our signature design LED headlights combine an impactful look with safety and convenience. They have an especially wide and long light pattern, and featuring our Active High Beam technology you can stay on high beam all the time. You don't have to flick between low and high beam, and when you meet or catch up another vehicle our optional Full-LED Active High Beam illumination shades out only as much of your beam as necessary to avoid dazzling – while you still get the benefit of a brightly lit road.

*“Journeys are more relaxed with  
IntelliSafe there to help you.”*

## INTELLISAFE

*Always looking out for you.*

IntelliSafe is our name for the intuitive, intelligent technologies that support your driving, help to prevent accidents and protect you in a collision. This innovative technology plays a key role in helping us to realise our bold vision that, by 2020, no one will be killed or seriously injured in a new Volvo car.

City Safety is at the heart of IntelliSafe. Fitted as standard, it's like a co-pilot that's looking out for you, detecting danger ahead then warning you and intervening if necessary. City Safety identifies other vehicles,

pedestrians, cyclists and large animals ahead of you, even at night. It warns you of any hazards and, if you don't react, it will brake automatically to help avoid or mitigate a collision.

Journeys are more relaxed with IntelliSafe to support you. Pilot Assist adjusts the steering to help you keep the car centred in its lane and at a constant speed or a set distance from the car in front. Run-off road Mitigation is a world-first that steers and, if necessary, brakes for you to help prevent you leaving the road

accidentally. Driver Alert Control recognises if you're tired or distracted and suggests that it's time to take a break, while Road Sign Information reminds you of the speed limit.

Add BLIS™ (blind spot information system) for increased awareness and confidence on the road, alerting you to vehicles alongside you. When you're reversing out of a parking space Cross Traffic Alert keeps an eye out behind your Volvo for other road users.

With Pilot Assist, your Volvo makes your journey easier and more relaxing. Pilot Assist helps keep your Volvo at a set speed or a set distance from other vehicles and, at speeds of up to 80mph, it helps keep the car in the centre of the lane by making small adjustments to the steering.

At differences in speed up to 31mph, City Safety helps to prevent you from colliding with the vehicle in front by braking if you don't, should it detect that an impact is imminent. At higher speeds the collision is mitigated.

Keep your eyes on the road and let our BLIS™ (blind spot information system) keep an eye on your surroundings. Radar sensors keep constant watch in order to alert you if a vehicle enters your blind spot.

With our Cross Traffic Alert technology you can reverse out of a space knowing that there are no vehicles about to collide with you. This technology can spot vehicles approaching from either side of your Volvo at a distance of up to 30 metres, and cyclists and pedestrians at shorter distances.

INTELLISAFE

### Perfect parking, every time.

Park Assist Pilot is like having someone park your car for you. It tells you if a parking spot is the right size for your Volvo and then takes over the steering to slot it in. It requires a space just 1.2 times the length of your Volvo, so it can tackle even the tightest of spaces. Engage a gear, accelerate and brake according to the screen prompts and your Volvo will take over the steering completely to manoeuvre your car into the space. If you want to park the car yourself, the optional 360° camera will help you fit into the space with confidence.

INTELLISAFE

# Protecting what's most important.

Protecting you and your passengers has always been our priority at Volvo Cars, and our latest generation of cars does more than ever to keep you safe. From preventive technology that helps you avoid collisions to protective features that cushion the impact of any collision, we will never stop innovating in order to improve your safety.

Your Volvo surrounds you with protective safety. The foundation for our new generation of cars is a very strong passenger compartment that uses a high

percentage of ultra high-strength (boron) steel to create a protective cage around you and your passengers.

Volvo Cars gave the world the three-point safety belt in 1959 and our latest developments continue this commitment to life-saving inventions. Run-off road Mitigation is an emergency system which intervenes with steering inputs and brakes if it detects you are about to come off the road.

Should your car leave the road, Run-off road Protection technology reduces your

chances of suffering serious injury. Prepared front safety belts automatically tighten when the car senses that an impact is imminent, ensuring that you and your passenger are in the safest position if a collision occurs. Our unique energy-absorbing seats also help to protect your spine in the event of a hard landing should the car become airborne.

It's this range of safety technologies and attention to detail that makes your Volvo a safe place to be.

Volvo is synonymous with road safety. We put our first safety cage into production in 1944, and created the three-point safety belt back in 1959. And we're still innovating today. Prepared front safety belts tighten automatically if the car detects that a collision is likely, to ensure you're in the safest position should one occur.

The sculpted front seats in the XC90 are more than just beautiful to look at. Their unique structure helps to absorb vertical impacts, helping to protect your spine if the car lands heavily after leaving the road or becoming airborne. It's another example of how we make every part of a Volvo work harder for your safety.

INTELLISAFE

*“Balancing performance and efficiency, every Volvo powertrain gives you on-demand power with low fuel consumption and emissions.”*

## DRIVE-E

### *Enjoying more, using less.*

With the perfect balance between performance and efficiency, every Volvo engine gives you on-demand power with low fuel consumption. We achieve this with Drive-E, the cutting-edge technology behind every one of our advanced petrol and diesel engines, where performance and efficiency are built in.

It's our innovative culture that enables us to create such engines. The D5 powertrain in the XC90 features PowerPulse, a Volvo Cars world-first. It activates the turbocharger as soon as you press the accelerator to give an instant boost of acceleration from standstill and at lower speeds. Technology such as this enables us to offer the power of a much larger engine from a compact four-cylinder, so you get the perfect mix of power and efficiency.

Smaller engines lose less energy through friction so they can make every drop of fuel

work harder to minimise emissions. We've used low-friction components to make them run smoother and more efficiently. Reducing size and weight has freed up interior space and improved the car's handling.

The precise eight-speed automatic gearbox makes the most of each engine's potential. Designed to minimise power loss and maximise performance, the gearbox will always select the right gear for whatever is coming next, or you can choose to change gear yourself in manual mode. To help you drive more efficiently, select Eco mode and the XC90 recalibrates the drivetrain for the lowest possible fuel consumption and emissions. The coast function disconnects the engine from the automatic transmission when you release the accelerator at speeds above 40mph so it isn't being used to slow the car.

Our diesels are quiet and smooth for a relaxing journey, thanks to ground-breaking i-ART injection technology. By precisely metering exactly the right amount of fuel for each cylinder, i-ART helps the engine run more smoothly while using less fuel. And the technology ensures it stays that way for the car's lifetime. You will always benefit from low fuel consumption.

At Volvo Cars, by looking to the future we enhance your life today. Drive-E brings together advanced technologies to create a better world and a better drive for you.

At Volvo Cars, by looking to the future we enhance your life today. Drive-E brings together advanced technologies to give you efficiency, performance and range – and a better drive for you.

*“Our very powerful T8 Twin Engine delivers astonishing performance without compromising on fuel efficiency and low emissions.”*

## Double power.

Nothing encapsulates our fresh thinking on 21st-century luxury and performance better than our top-of-the-range T8 Twin Engine. Combining a super- and turbo-charged 2.0l Drive-E petrol powertrain with an electric motor, the T8 Twin Engine puts out an astonishing amount of horsepower, which it delivers with a jaw-dropping amount of torque. But it can also be driven with a fuel consumption and emission levels that would put a compact car to shame. Not only does this petrol plug-in hybrid offer scintillating performance and amazing fuel efficiency – because the compact, high-capacity battery is mounted centrally along the transmission tunnel, the XC90 T8 Twin Engine also handles supremely well.

It's versatile, too – the T8 Twin Engine features different driving modes to suit virtually any driving environment. Pure mode is all about reducing fuel consumption and emissions. Working at speeds of up to 78mph, it uses electric power as much as possible, sending it to the rear wheels. This mode packs ample reserves: a full battery suffices for most people's daily commute. But because the high-performance petrol engine can be called upon at any time, there's never any worry about range.

Hybrid is the default mode. Geared to maximum comfort, this uses the electric motor at the rear wheels as well as the petrol engine, which drives the front wheels. It does this either individually or in parallel

to achieve an optimum balance between performance and efficiency.

The Power mode, on the other hand, unleashes the combined forces of petrol and electric at the same time to all four wheels, while steering, transmission and brakes are tuned for sportiness. The AWD (all-wheel drive) mode improves traction and in addition, the Off Road mode engages an electronically controlled limited slip differential function and can help you negotiate poor roads at speeds below 25mph. So your XC90 can be a silent-running zero-emission city car, a blistering performance SUV, a supremely versatile seven-seater or a reassuring companion in challenging conditions.

Fully charged, the XC90 T8 Twin Engine gives you up to 27 miles of pure electric driving with zero emissions in whispering-quiet comfort, covering most everyday driving scenarios.

As a symbol of the pure electric mode of your XC90 T8 Twin Engine, the gear shifter is made of pure Swedish crystal by Orrefors®.

Throughout its life, our XC90 will consume less fuel than comparable rivals with larger displacement engines, which results in large fuel savings and lower CO<sub>2</sub> emissions.

DRIVE-E

Our plug-in hybrid technology means you get an uncompromising driving experience with excellent fuel economy and low CO<sub>2</sub> emissions all at the same time. That's why this solution is as important today as it is in our future.

Our XC90 T8 Twin Engine plug-in hybrid is the latest milestone on this journey. In addition to a super- and turbo-charged high performance petrol engine, it has a potent electric motor which delivers instant and impressive torque to the rear wheels. This motor is powered by high-capacity batteries mounted centrally along the transmission tunnel. It's an intelligent positioning which gives you excellent weight distribution and, as a consequence, outstanding handling.

The T8 Twin Engine can handle most people's daily commutes in pure electric mode – but because the high-performance petrol engine can be called upon at any time, there's never any worry about range.

READ MORE AT [VOLVOCARS.CO.UK](http://VOLVOCARS.CO.UK)

T8 Twin Engine | Inscription | 707 Crystal White pearl | 21" 8-Spoke, Silver/Diamond Cut, 174

DRIVE-E

# Firm control with a velvet touch.

The XC90 also incorporates our very latest electronic support systems that constantly adjust to changing road conditions and driving styles. For example, our hill start assist function makes it easier to start off on a steep hill. And for difficult roads and poor weather conditions, all-wheel drive and hill descent control ensure you embark on your journey with confidence.

The XC90 is available with air suspension on all four wheels, which includes a very advanced, electronically-controlled damper system. Not only does this give you outstanding ride comfort – you also have the option to choose between different drive modes, which cater to individual driving styles and increase the car's versatility in all road and weather conditions.

In comfort mode, the air suspension is tuned for maximum comfort while eco mode optimises settings for low fuel consumption and CO<sub>2</sub> emissions. Dynamic or Power mode lowers the car by 20 millimetres at higher speeds to optimise aerodynamics and handling, while the Off-Road mode increases ground clearance by 40 millimetres at low speeds. The modes are simple to change using an elegant and ergonomic roller control between the front seats.

With the air suspension system, you can also lower the rear of the car by 50 millimetres by pushing a button inside the load area. This makes it easier to lift heavy items into (or out of) your car, or to attach a trailer to its tow hook.

Choose the off road mode and the air suspension will raise the car by 40 millimetres. Hill Descent Control is activated at the same time: the car brakes for you on steep gradients – all you need to do is steer. The off road mode gets your XC90 to navigate challenging terrains – all you need to do is turn the elegant drive mode selector to the desired position.

Our efficient, smooth and responsive Drive-E powertrains prove that you don't need a big engine to get big performance – our four-cylinder design is capable of generating very high power outputs. And all have been engineered with low fuel consumption and emissions in mind.

Our 320hp high-performance petrol engine uses both supercharging and

turbocharging to deliver great performance. And our top-of-the-range T8 Twin Engine with plug-in hybrid technology develops an exhilarating 407hp.

Or choose our high-performance 235hp twin-turbocharged diesel engine. It uses advanced i-ART technology for responsive, fuel-efficient performance. And choosing the 235hp D5, you can enjoy the same

excitement of instant power delivery as of a considerably larger engine. Already from standstill and at low speeds, our new PowerPulse technology – a Volvo world first – instantly activates the turbo charger the moment you press the accelerator. There's no delay, just the right burst of extra power exactly when you need it.

# FREEDOM OF CHOICE, YOUR CHOICE

In a Volvo, you can enjoy the finer aspects of freedom. Such as the freedom to explore new roads, the freedom to enjoy the experience and – not least – the freedom to create a car that matches your style and personality. Choosing a Volvo is more than a statement of your personality. It's about knowing what's most important in life and going in that direction. To show a greater care for people and the world we share,

and never compromise with design and quality. To choose a car that's more human, more intuitive and more efficient – simply much of what empowers you to live a rich, authentic life.

To ensure you get your Volvo XC90 exactly as you want it, we have created a wide range of options, trim levels and personal expressions. Even if your XC90 is generously equipped already in the

standard Momentum trim level, you may want to enhance the experience even further. If you're in for a more sporty style inside and out – why not take a look at R-Design? Maybe you want to indulge your senses in the finest Scandinavian luxury? Then you'll feel at home with Inscription. Whatever you prefer, you can rest assured there's a Volvo XC90 for you. Read on, and see what your XC90 will look like.

Volvo XC90 Momentum

Volvo XC90 R-Design

Volvo XC90 Inscription

# THE RIGHT EQUIPMENT FOR YOUR DRIVE

Choosing a Volvo XC90 is easy. And now all you need to do is select the equipment level that's right for you. The standard Kinetic equipment level will already provide you with a high level of technology that will meet high demands on style, comfort and safety. For example, you can enjoy Sensus Connect with enhanced connectivity – such as the intuitive operation of the 9-inch centre display with touch screen and voice control – and the clear sound reproduction of our High Performance audio system. Our CleanZone technology ensures you and your passengers can enjoy fresh cabin air even when driving in the city.

And of course: you get our world-leading IntelliSafe technologies including the award-

winning City Safety collision avoidance technology, Lane Keeping Aid, Road Sign Information, Run-off Road Mitigation and IntelliSafe Assist with semi-autonomous driving technologies such as Adaptive Cruise Control and Pilot Assist as standard.

To further heighten your Scandinavian luxury experience, there's the option of our Momentum equipment level. Our signature headlights with LED illumination together with bright deco exterior design elements and larger 19-inch wheels will add to the exclusiveness and road presence of your XC90. On the inside, aluminium tread plates welcome you every time you enter the cabin of your SUV. Exclusive leather upholstery and brushed aluminium decor inlays further

complement the interior ambience. A power adjustable 4-way lumbar support for the front seats including vertical adjustment makes it easy to optimise the support to your needs. And when it's dark, the upgraded interior illumination enhances the luxurious feeling inside your XC90. With Momentum, you also have the benefit of a power operated tailgate with an optional comfort opening function – just move your foot beneath the rear bumper and the tailgate opens at your convenience.

## XC90 MOMENTUM

Includes:

### Exterior:

19" Alloy wheels | Aluminium roof rails | Bright deco exterior, front | LED headlights with automatic lever adjuster | Dual visible tailpipes in chrome | Front grille high gloss black with chrome frame | Fully colour adapted sills and bumpers | Park assist, rear | Power operated tailgate | Retractable rear-view mirrors

### Interior:

4-way power adjustable lumbar support, front seats | Cargo opening scuff plate in stainless steel | Comfort seats with leather upholstery | Crossed Brushed Aluminium decor inlays | Interior mid level illumination | Metal tread plates, front and rear | Uni deco inlay in steering wheel

---

**1.** XC90 Momentum with LED illumination and 19-inch wheels. **2.** Cargo opening scuff plates in stainless steel for stylish and convenient loading (Momentum). **3.** Park Assist supports you when reversing and the chrome dual tailpipes give your XC90 a more dynamic look (Momentum). **4.** Sensus Connect includes the standard 8-inch driver display, the 9-inch centre display with touch screen, voice control, USB/AUX inputs, Sensus Navigation and our High Performance audio system with 10 excellent speakers and Bluetooth® audio streaming. **5.** Signature LED illumination, the high gloss black grille and bright deco exterior details contribute to a both powerful and elegant appearance (Momentum). **6.** The raised aluminium roof rails and our optional sunroof (Momentum).

# INSPIRED BY THE ART OF DRIVING

If you love to drive, the XC90 R-Design is for you. With a unique personality, R-Design captures the thrill of a spirited driving experience characterised by style, response and control. A wealth of distinguished design details raise the dynamic soul of your Volvo SUV and give it a more sporty, distinct road

presence. It's an expression that catches the eye from every angle and hints the promise of an amazing drive, every time. And you can rest assured the XC90 R-Design will deliver. Surrounded by meticulously crafted and expressive interior design details, you can feel it from the moment you take your

position in the sculpted R-Design driver seat. Everything – from the R-Design steering wheel with gearshift paddles to the Charcoal headliner – is there to inspire and support your drive.

## XC90 R-DESIGN

Includes Momentum equipment level plus the following:

**Exterior:**

20" Alloy wheels | Bright integrated roof rails | Mirror caps in matt silver | R-Design dual integrated tailpipes | R-Design front grille | R-Design front spoiler | Silk metal window trim

**Interior:**

12" driver display | Charcoal headlining | Gearshift paddles on steering wheel | Interior high level illumination | Metal Mesh decor inlays | Power cushion extension, driver and passenger seat | Power driver seat with memory function for seat and side mirrors | Power seat, passenger with memory function | R-Design illuminated tread plates, front and rear | R-Design leather gearshift lever | R-Design leather key remote | R-Design mats, front and rear | R-Design pedals | R-Design perforated leather steering wheel | R-Design Contour seats with Nubuck textile/Fine Nappa Leather upholstery

R-Design is Volvo in smart designer sports gear – it's all about a performance-inspired look and feel, both inside and out. It's a truly eye-catching expression with sporty exterior design cues, such as its own distinctive grille in high gloss black with Silk Metal frame, front spoiler, stylish Silk Metal window trim, Bright Silver matt finish door mirror caps, prominent dual tailpipes and striking 20-inch alloy wheels. Our signature headlights with LED illumination provide excellent vision and a distinctive attitude on the road. And for an even better uninterrupted vision in the dark, there's the Full-LED Active High Beam illumination as standard on R-Design.

On the inside, the illuminated R-Design tread plates in Silk Metal finish greet you onboard. The refined sporty theme continues with Metal Mesh decor inlays, Charcoal headlining and fully power operated R-Design Contour seats with a unique Nubuck Textile/Fine Nappa Leather upholstery. Together, these features give the cabin a technical, cockpit-like feel. R-Design logotypes and distinctive stitching in the seats, the gear shifter and the steering wheel in perforated leather all reinforce the sporty yet elegant ambience. The power-operated front seat cushions further enhances your thigh support for improved

comfort during long drives. And when it's dark, our most advanced interior illumination enhances the exclusive ambience inside your XC90 R-Design. Further adding to your sense of being in control, the R-Design also provides you with our largest 12-inch driver display and gearshift paddles. Conveniently positioned in the tunnel console between the front seats, there's also a drive mode control that allow you to shift between four driving characteristics – Comfort mode, Dynamic mode, ECO mode and Individual mode.

The XC90 R-Design is available with all powertrains including our plug-in hybrid T8 Twin Engine.

---

**1.** R-Design door mirror caps in contrasting silver look. **2.** The XC90 R-Design in exclusive Bursting Blue metallic with 20-inch Matt Black/Diamond Cut wheels. **3.** The R-Design interior featuring Contour seats with exclusive Nubuck Textile/Fine Nappa Leather upholstery, R-Design textile mats, R-Design steering wheel with gearshift paddles, 12-inch driver display with four graphic modes and Carbon Fibre decor inlays (optional) and Premium Sound audio system by Bowers & Wilkins (optional). **4.** R-Design is available for all powertrains. **5.** Dual integrated tailpipes for a distinctive road presence. **6.** The signature LED illumination together with the R-Design front grille and spoiler add to the dynamic character. **7.** The 22-inch Matt Black/Diamond Cut alloy wheels for the ultimate R-Design experience (optional).

The exterior leaves no doubts of the intention with your XC90 R-Design. The exterior colours are carefully selected to match the car's dynamic character, each with its unique expression – especially Passion Red and Bursting Blue metallic, exclusively created for R-Design. Passion Red is the iconic sporty colour, while Bursting Blue metallic adds a techy, sporty look that perfectly highlights the body inserts in high-gloss black and silk metal finish. The five-spoke R-Design 20-inch or 22-inch wheels in Matt Black/Diamond Cut give your XC90 R-Design a superior road presence that put your SUV in a class of its own.

RDESIGN

Inside your XC90 R-Design, you can enjoy a dynamic and driver-focused interior made of high-class materials. The sculpted power operated R-Design Contour seats will provide relaxed support through any twist the road has in store, while the exclusive Nubuck Textile/Fine Nappa Leather or Fine Nappa Leather upholstery with contrasting stitching provide a sporty yet sophisticated feel. A sensation further enhanced by the decor inlays in Metal Mesh or Carbon Fibre that perfectly complement the Charcoal interior.

# A HIGHER GRADE OF LUXURY

We created the exclusive XC90 Inscription to meet your highest expectations on Scandinavian luxury. It's a highly personal expression that evokes a strong sense of elegant refinement. Each detail is carefully selected to give you and your passengers

a sophisticated and invigorating experience. Distinguished exterior design cues enhance the luxurious look and feel of the XC90, while the meticulously crafted interior gives you ample room for a relaxed driving experience. The XC90 Inscription epitomises our proud

heritage of human-centric design. And when it comes to intelligent luxury imbued with distinctive style and fresh thinking, the XC90 Inscription is in a class of its own.

## XC90 INSCRIPTION

Includes Momentum equipment level plus the following:

**Exterior:**

20" Alloy wheels | Bright deco exterior, rear | Bright deco moulding with embossed Inscription logotype, side | Bright integrated roof rails | Dual integrated tailpipes | Colour coordinated door handles with bright decor

**Interior:**

12" driver display | Comfort seats with Fine Nappa Leather upholstery | Inscription mats, front and rear | Illuminated metal tread plates | Interior high level illumination | Leather key remote | Metal Mesh decor inlays | Power seat, passenger with memory function

# Inscription

The highly sophisticated XC90 Inscription expresses the essence of contemporary luxury. Instantly recognisable thanks to its distinctive chrome-finish grille and lower door bright deco moulding, this expression sets the XC90 apart thanks to a number of well-judged exterior design cues that correspond with the car's timeless Scandinavian design. Just like beautifully crafted pieces of jewellery design, the large 20-inch wheels harmonise perfectly with the metal finish of the bright deco body inlays and the integrated roof rails. Together with the elegant dual integrated tailpipes, the wheels also contribute to the car's confident

stance. Our signature LED illumination contributes to both a strong visual identity and excellent vision in the dark. And for an even better and uninterrupted light pattern, you can opt for our advanced Full-LED Active High Beam illumination technology.

Every time you open the door, the Inscription tread plates provide an illuminated welcome. The luxurious theme continues with authentic, finely crafted materials that create a lounge-like atmosphere of sumptuous well-being. You and your passengers can lean back in sculpted power-operated Comfort seats with Fine Nappa Leather upholstery. Metal Mesh

aluminium decor inlays, Inscription textile mats and our most advanced ambience interior illumination add to the rewarding Inscription experience. For an even higher level of comfort you can complement the seats with ventilation and massage functions. Adding a panoramic roof, everyone inside your XC90 will enjoy a superb experience of air and light. And for you as a driver, the large 12-inch driver display and convenient drive mode settings in the console between the front seats add to your feeling of being in command.

---

**1.** The signature headlights with LED illumination combine a distinct identity with excellent vision in the dark. **2.** Inscription front grille in elegant chrome finish. **3.** Dual integrated tailpipes and bright deco trim add to an elegant and powerful impression. **4.** Meticulously crafted 21" upgraded Inscription alloy wheels'. **5.** The intuitive 12-inch driver display with four graphic modes. **6.** Drive mode scroll wheel in diamond patterned metal finish and the optional Linear Walnut decor inlay. **7.** The lower door bright deco moulding with Inscription logotype. **8.** The exclusive Inscription Leather key remote.

# Inscription

The XC90 Inscription exterior with its subtle jewellery touches is a timeless expression of classical Scandinavian design. The exterior colour palette allows you to create the XC90 Inscription that best reflects your style and preferences. Available in distinctive diamond cut design, the 20-inch or 21-inch wheels connect visually with the exterior design cues to create a harmonic impression of contemporary elegance.

# Inscription

Inside the XC90 Inscription, you are surrounded by thoughtful luxury. There are genuine materials and fine craftsmanship wherever you look – a sensory experience further enhanced by the ergonomically designed Comfort or Contour seats in Fine Nappa Leather. Adding to your wellbeing, the Comfort seats are available with ventilation and a massage function. And to make it easy to give the interior your own signature, you have an extensive range of interior colour, upholstery and decor inlay combinations to choose from.

Sophisticated styling  
for your urban luxury.

**Fashion designers know that an elegant shape can be enhanced by the correct accessories. It's the same with cars. Do you seek a sophisticated, refined persona? Or do you wish to show the world a tougher, more rugged edge? Our two styling kits transform the appearance of your XC90 to match your personality.**

With well-judged touches of stainless steel, the Urban Luxury Styling Kit adds a luxurious sparkle to your XC90. The front décor frames feature abundant chrome and mesh. Together with the skid plate in stainless steel and the lower spoiler with mesh detailing, they give your XC90 a luxurious and dynamic impression. For the sides, the body kit with its wheel arch extensions and door trims give your XC90 a more muscular

appearance. And by accentuating the horizontal, the side scuff plates emphasise the sleekness of the XC90's shape. The rear bumper gets an exclusive skid plate in stainless steel and a lower spoiler whose styling and mesh accents give the tail-end of your XC90 a dynamic attitude. The integrated double tailpipes are included and complete the look of elegant power.

VOLVO XC90

Go anywhere in  
rugged luxury.

**With its tech matt black accents, the Rugged Luxury Styling Kit gives a no-nonsense, go-anywhere feel to your XC90, showing the world that you're ready to take on any challenge.**

Give your XC90 an assertive, rugged expression all round. The front décor frames add a real sense of purpose, combining

chrome surfaces with mesh detailing. Then there's the eye-catching skid plate in stainless steel for the front bumper, which also includes a lower spoiler. Again, sporty mesh detailing adds to the confident appearance. On the sides, our body kit has wheel arch extensions and door trims in tech matte black for that rugged feel. You can enhance this further with our eye-

catching running boards. They have subtle light strips which guide you as you enter and exit after dark. A stainless steel skid plate adds another touch of luxury to the rear bumper. It harmonises beautifully with the lower spoiler in tech matte black and mesh accents, further enhancing your XC90's tough stance. Double integrated tailpipes provide a powerful finishing touch.

**1.** See more lifestyle accessories at [collection.volvocars.co.uk](http://collection.volvocars.co.uk) **2.** Specially designed for the XC90, this exclusive Volvo roof box with built-in lighting and storage net solves your roof top transports with style. **3.** 22" 6-Double Spoke, Matt Tech Black/Diamond Cut. **4.** 21" 10-Spoke, Turbine, Polished. **5.** Our new generation rearward facing child safety seats help provide effective protection with superior comfort and enhanced possibilities for rest and sleep.

Create an XC90  
that's perfect for your life.

6. If you have an active lifestyle, our roof load carriers are a must. They're specially designed to fit neatly and securely into the mounts and combine with any other holders you might need. No matter which sport you like, our specially designed holders – such as the kayak holder shown here – combine safety with ease of use.

With our range of accessories, you can create your own unique XC90 that fits in perfectly with your life. Take the illuminated tailgate scuff plate. With its illumination around the edges, it immediately elevates your load compartment from a practical storage space to a luxurious extension of the interior.

And if you or your passengers want to enjoy some rear seat entertainment, our iPad® holder is ideal. Just lean back and watch a movie, listen to music, browse the web, keep updated, check your feed and enjoy your apps. Best of all, two charging points allow you to charge both your iPad® and iPhone® at the same time.

If you've fallen in love with the interior wood trim in your car, our key fobs made from Linear Walnut or Flame Birch allow you to carry a little piece of Scandinavia in your pocket.

Your Volvo Cars dealer can also offer a wide range of winter wheels for safe driving during the wet and cold season.

# Sensus options.

Sensus Connect comes with a host of features as standard: there's voice control, our High Performance audio system, an eye-catching 9-inch centre display with touch screen and our 8-inch driver display. And if you'd like to enhance your experience, there's a wealth of options. For example, you can access selected apps and functions in your iPhone® via the centre display using

Apple CarPlay™. Then, there's Sensus Navigation and the head-up display: together, they make navigating easy and intuitive. And Volvo On Call not only includes a Wi-Fi hotspot and a SIM-card slot, so you can go online via the car's roof aerial – it also lets you interact with your car using a smartphone app, while giving you direct access to emergency support.

***SENSUS***

## SENSUS CONNECT WITH HIGH PERFORMANCE AUDIO SYSTEM

Includes the following standard features:

- 8" driver display
- 9" centre display with touch screen
- Bluetooth® audio streaming
- USB and AUX inputs
- Voice control
- Steering wheel controls
- Tethering via Wi-Fi or Bluetooth®

- High Performance audio system (330W, 10 speakers)
- Internet radio via apps

In addition, a digital owners manual and connected service booking are included.

The following apps will be standard:

- TuneIn (internet radio)

- Dirac Live sound enhancement technology
- Stainless steel tweeter panels

# IntelliSafe options.

## INTELLISAFE

Your Volvo XC90 comes with comprehensive IntelliSafe technologies as standard, which includes all the safety you'd expect from a Volvo and more. You'll also get City Safety, which encompasses technologies designed to help avoid collisions with pedestrians, cyclists, large animals and other cars. As a world-first, City Safety now also autobrakes if you're about to turn into the path of an

oncoming car. To round it off, Adaptive Cruise Control and Pilot Assist support come as standard. Additionally you can also get the benefit of technologies that alert you to vehicles approaching in your blind spot or from behind, providing an additional layer of safety.

### INTELLISAFE STANDARD

Includes:

- Electronic Stability Control
- Roll Stability Control
- Driver Alert Control
- Road Sign Information
- Speed Limiter
- Lane Keeping Aid
- Automatic braking after a collision
- City Safety  
(Pedestrian and cyclist detection, Autobrake at intersection, Large animal detection)
- Safety cage
- Safety belts with reminders and pretensioners for all seats
- Prepared front safety belts
- Airbags
- Brake pedal release
- Whiplash Protection System
- Run-off road Mitigation
- Run-off road protection
- SIPS™ – Side Impact Protection System
- Adaptive Cruise Control
- Pilot Assist
- Distance Alert

### INTELLISAFE OPTIONS

In addition, the following options are available:

- BLIS™ – Blind Spot Information System
- Rear Collision Warning with braking at stand still
- Cross Traffic Alert

### INTELLISAFE OPTIONS

Single Options – driver assistance, convenience and child safety features – that can be added to all IntelliSafe offers:

- 360° Camera
- Park Assist Pilot
- Integrated booster cushion

# Service by Volvo. A simpler way.

**When you buy a Volvo, you buy the simplest way to have a car. No matter what your car may need, your authorised Volvo workshop will take care of it for you and make sure that your Volvo stays in tip-top shape.**

We have our own approach to service that's personal, efficient, and which takes

care of you as well as it takes care of your car. We call it Service by Volvo and it will provide everything you need in the simplest way possible.

Your Volvo Cars dealer offers a whole range of simplifying services all designed around you, ensuring you a carefree ownership experience. Still, this is just the beginning.

Soon, you will also get a Personal Service Technician, your car will be ready within the hour and you can relax in our lounge instead of driving back and forth. It's because everything we do is about finding new ways to make life simpler for people, with our cars as well as our service.

## MY VOLVO

My Volvo is a personalised website that contains everything you need to really get to know – and get the most out of – your car. It gives you:

- A complete overview of your Volvo ownership
- Track your new car order
- Easy access to all facts relating to your car
- Personalised offers and exclusive discounts
- Helpful tips regarding your specific Volvo model
- Instructional films and owner's manuals
- Online Service Booking
- Reminders regarding important stages of your car ownership
- Exclusive articles, films and photographs

## CONNECTED SERVICE BOOKING

If your Volvo has Sensus Connect, it will remind you when it needs servicing and offer to contact your Volvo dealer for you. Booking proposals sent from your preferred dealer can easily be managed directly in the car or on your personal My Volvo website. When the time comes to drive to your workshop, your Volvo will remind you and even guide you there. And since your Volvo tells us what it needs, we can make sure it always receives the service it requires when it gets there.

**N.B** Some information may have been updated since this brochure was printed. Some of the equipment described or shown may now be available only at extra cost. Before ordering, please ask your Volvo dealer for the latest information. The manufacturer reserves the right to make changes at any time, without notice to prices, colour, materials, specifications and models.

**V O L V O**

**Official fuel consumption for the Volvo XC90 in MPG (l/100km)  
ranges from:**

Urban 28.8 (9.8)–45.6 (6.2), Extra Urban 40.4 (7.9)–52.3 (5.4),  
Combined 35.3 (8.0)– 134.5 (2.1). CO<sub>2</sub> Emissions range from 186–49g/km.  
MPG figures are obtained from laboratory testing intended for comparisons  
between vehicles and may not reflect real driving results.
